

Come along and join us for an evening seminar
Promoting Animal Wellness and Performance
through Natural Therapies

Tuesday June 28th 2011 7.30 p.m. to 9.30 p.m.
Gordon Douglas Room, Dogs NSW Complex, 44 Luddenham Road,
Erskine Park.

Cost \$10.00 per person (including supper)

The evening offers great opportunities to learn about:

- *bodywork techniques like Bowen Therapy, Acupressure, Photonic Therapy and how these modalities can help with physical and mental wellbeing*
- * natural remedies like homeopathy, flower essences and essential oils and how they can benefit our 4 legged companions*
- *Canine nutrition – the foundation for wellness and prevention*
- *An opportunity for questions /answers on natural therapies and canine matters*

All participants will have “take home notes” with practical tips and skills on keeping your canines healthy and performing well

Lucky Door Prize : A First Aid /Common ailments Homeopathy Kit (valued at \$100)

Your presenter/facilitator ...

Helen Anderson. “Animal Equilibrium”- Complementary Health Care

B.AppSc; MEd; Dip Equine Bowen Therapy; Cert IV Small Animal Bowen Therapy; Cert Animal Homeopathy(BIH); Cert IV Kinesiology; Cert Small Animal Nutrition(ACTM); Reiki Master –Practitioner Level 111. Registered animal practitioner BTFA & AKA

Helen has been a breeder, trainer and competitor with dogs for over 25 years and is a member of Dogs NSW. Her background is in medical rehabilitation but over recent years has moved into the canine and equine fields after completing a number of programs in natural and physical therapies with animals. Helen uses a combination of modalities based on a physical, emotional and mental assessment of the animal and the presenting issues. Her philosophy is to work for the wellbeing of the animal and to engage in a team approach with the owner/handler, your veterinarian, other health care provider or animal trainer. More details about Helen and her services can be found on her website www.animalequil.com

As with all complementary therapies the advice and healing given does not replace the services, views and opinions of your veterinarian.

Animal Equilibrium does not dispense veterinary advice, diagnosis or prescriptions. Whenever a person feels that they require veterinary advice, we encourage the person to seek such advice from their veterinarian as soon as practical.

Entries close June 14 2011

June 28, 2011. 7.30 p.m. to 9.30 p.m.
